Our expert volunteers and administrators offer free one to one sessions, either in person, on the phone or via Zoom. We support adults, children, young people, families and older people.

space2grieve recognises it has a duty of care to ensure that all adults involved in our services have protection from harm and have the opportunity to receive our services in a safe and supportive environment.

## OUR COMMITMENT

Abuse is unacceptable in all circumstances. space2grieve is committed to safeguarding, protecting and promoting the welfare of children and adults involved in our services. We believe that all are entitled to be treated with dignity, courtesy and respect regardless of age, race, gender and disability.

Safeguarding is everybody's responsibility and we are committed to ensuring that our safeguarding practice reflects statutory responsibilities, government guidance and complies with best practice.

space2grieve fully recognises that all staff and volunteers have a full and active part to play in protecting adults from harm.

**The purpose** of this document is to protect adults who are in contact with space2grieve specialist support and to provide staff, trustees and volunteers with guiding principles to safeguarding vulnerable adults.

Safeguarding means protecting an adults right to live in safety, free from abuse and neglect.

The Care Act 2014 (England) defines an adult at risk as an individual aged 18 or over who

- Psychological or emotional abuse
- Financial or material abuse
- Modern slavery
- Discriminatory abuse
- Organisational or institutional abuse
- Neglect or acts of omission
- Self-neglect

space2grieve is committed to safeguarding all of our clients, particularly the most vulnerable by ensuring that all trustees, specialists in bereavement support and staff understand and agree to abide by our policies and procedures; by ensuring that they know how to report concerns promptly and to whom and by supporting volunteers and staff who are reporting concerns.

space2grieve recognises that it is the responsibility of professionals to determine whether abuse has taken place, but it is everyone's responsibility to report concerns. To comply with their legal duties trustees will react responsibly and appropriately to all reports of safeguarding risk and incidents of abuse and take steps to ensure that all staff and volunteers are sufficiently trained and familiar with how to recognise and report a concern.

## APPENDIX

### Six safeguarding principles

Space2grieve embraces the six key principles of safeguarding

**Empowerment:** People being supported and encouraged to make their own decisions and informed consent.

**Prevention:** It is better to take action before harm occurs.

**Proportionality:** The least intrusive response appropriate to the risk

**Protection:** Support and representation for those in greatest need.

**Partnership:** Local solutions through services working with their communities. Communities have a part to play in preventing, detecting and reporting neglect and abuse.

**Accountability:** Accountability and transparency in safeguarding practice.

### Definitions:

#### Who is an adult at risk?

For the purposes of this policy, an adult at risk is an adult who:

- \* is aged 18 years or more, and
- \* has needs for care and support (whether or not these are currently being met),
- \* is experiencing, or is at risk of, abuse or neglect, and
- \* as a result of those needs is unable to protect himself or herself against the abuse or neglect or the risk of it.

Such a definition includes adults with physical, sensory and mental impairments and learning disabilities, howsoever those impairments have arisen e.g. whether present from birth or due to

advancing age, chronic illness or injury.

Also included are people with a mental illness, dementia or other memory impairments, people who misuse substances or alcohol.

The definition includes unpaid carers (family and friends who provide personal assistance and care to adults on an unpaid basis). The definition may include victims of Domestic Abuse, hate crime, anti-social behaviour, self-neglect and mandatory reporting of Female Genital Mutilation (FGM).

The presence of a particular condition or disability does not automatically mean that an adult is an adult at risk. A person can have a disability but be perfectly able to look after their own well-being etc. Their circumstances as a whole should be considered and all three elements of the definition must be met in order for them to be classed as an adult at risk.

### **What is 'harm'?**

The definition of "harm" referred to in this policy does not exclusively pertain to ill treatment (including sexual abuse and all forms of ill treatment which are not physical), but includes the impairment of, or an avoidable deterioration in physical, or mental health or emotional wellbeing.

### **What is 'abuse'**

Abuse pertains to the violation of an individual's human and civil rights by another person or persons. It may consist of a single or repeated act. It may be an act of neglect (abuse by omission) or it may occur when a vulnerable adult is persuaded to enter into a financial transaction or sexual act to which he/she has not consented or whose consent was deemed diminished due to a lack of understanding.

Abuse results in significant harm, or exploitation of, the vulnerable adult. It may be perpetrated by anyone who has power over the person whether as a carer, relative, member of staff, volunteer or spouse, or as a result of persistently poor care or a rigid and oppressive regime.

When occurring in a family, this can be termed as 'domestic abuse', the most common being between spouses, or parents and children.

## **The main forms of abuse**

**Physical abuse** - including assault, hitting, slapping, pushing, misses of medication, restraint or inappropriate physical sanctions.

**Domestic violence** - including psychological, physical, sexual, financial, emotional abuse; so called 'honour' based violence.

**Sexual abuse** - including rape, indecent exposure, sexual harassment, inappropriate looking or touching, sexual teasing or innuendo, sexual photography, subjection to pornography or witnessing sexual acts, indecent exposure and sexual assault or sexual acts to which the adult has not consented or was pressured into consenting.

**Psychological abuse** - including emotional abuse, threats of harm or abandonment, deprivation of contact, humiliation, blaming, controlling, intimidation, coercion, harassment, verbal abuse, cyberbullying, isolation or unreasonable and unjustified withdrawal of services or supportive networks.

**Financial or material abuse** - including theft, fraud, internet scamming, coercion in relation to an adult's financial affairs or arrangements, including in connection with wills, property, inheritance or financial transactions, or the misuse or misappropriation of property, possessions or benefits.

**Modern slavery** - slavery, human trafficking, forced labour and domestic servitude. People are bought and sold for sexual exploitation, forced labour, street crime, cannabis cultivation, grooming and pimping, domestic servitude, forced marriage or even the sale of organs and human sacrifice.

**Discriminator abuse** - including forms of harassment, slurs or similar treatment; because of race, gender and gender identity, age, disability, sexual orientation or religion.

**Organisational abuse** - including neglect and poor care practice within an institution or specific care setting such as a hospital or care home, for example, or in relation to care provided in one's own home. This may range from one off incidents to on-going ill-treatment. It can be through neglect or poor professional practice as a result of the structure, policies, processes and practices within an organisation.

**Neglect and acts of omission** - including ignoring medical, emotional or physical care needs, failure to provide access to appropriate health, care and support or educational services, the withholding of the necessities of life, such as medication, adequate nutrition and heating.

**Self-neglect** - this covers a wide range of behaviour neglecting to care for one's personal hygiene, health or surroundings and includes behaviour such as hoarding. It involves no other perpetrator.

**Sexual Exploitation** - this covers exploitative situations where a person receives 'something' as a result of them performing or having performed on them, sexual activities.

**Domestic Abuse** – where to get help in Richmond
